

Authentic Portraits By Maurice

Realizing your possibility for authentic imagery

Wonderful Weddings

- We delight in photographing weddings and specialize in the small, elegant wedding. After years of experience Authentic Portraits By Maurice has perfected a photojournalistic approach. Your formals are still captured with minimal posing. We get the day's must shots, but concentrate on telling the story as it naturally unfolds.
- Photographs at the bride's house are a must! So be ready early to make it a session in itself. We focus on emotion inducing images and beauty!
- We are proud to offer an ***engagement photo-session*** which includes: up to 2 hours of photo-taking at one location of your choice, 10 color corrected images, 6 high end retouched images, two outfits and unlimited rights usage at a cost of \$1799. This is a creative photo-shoot that offers a more casual look than at the wedding, making it a fine pictorial addition.
- Our ***wedding day photography*** provides a day's coverage, an album and a copy of digital proof files all with care and attention. Our pricing begins at \$4199. This includes 8 hours with your photographer. We will make every attempt to fine tune your coverage when we talk.

Blessings,

Maurice
